Re: Thomas Sachy, M.D.

Dear Ms. Hogue,

This correspondence is regarding a patient of mine who underwent back surgery on March 18, 2018. The procedure appears to have been successful.

I instruct all my patients on good techniques for postoperative recovery. This would include frequent bending, lifting, twisting, rehab and exercise programs.

If I can help in any other way, please let me know.

Sincerely,

David H. McCord, M.D.
DHM/pjw
